SUMMARY

Recent graduate with dual degrees in IT and Business Management, a Microsoft PL-300 certification, and hands-on Power BI and Python project experience. Skilled at turning raw operational data into actionable insights through dashboards, trend analysis, and process improvement. Actively exploring AI tooling and automation to enhance analytical workflows.

SKILLS

Analytics & BI: Power BI (DAX, Power Query), Python (pandas), PostgreSQL, Excel, ETL, Data Modeling, KPI Development, Trend Analysis

AI & Tools: Prompt Engineering, Generative AI for Data Analysis, LLMs, Claude Code, Microsoft Office Suite

Business: Business Process Improvement, Performance Metrics, Ad Hoc Reporting, Dashboard Design, Stakeholder Communication

EDUCATION

B.A. Information Technology & B.A. Business Administration (Management) - University of Jamestown

GPA: 3.86 | Dean's List | Information Technology College Fellow 2025 | Graduated Magna Cum Laude

PROJECTS & CERTIFICATIONS

NBA Player Efficiency Analysis Dashboard — Senior Capstone — University of Jamestown *Apr 2026*

- Built a dashboard Power BI using Python (pandas) to collect and load data through the nba_api client to turn advanced NBA efficiency metrics across players and seasons into a comprehensive interactive dashboard
- Balanced technical development with full project planning and delivery, gaining hands-on insight into how IT and business teams collaborate in professional environments

Liquor Store Sales Analytics Dashboard — Cork & Barrel Liquors *Aug 2025*

- Consolidated 300+ CSV exports from NCR Counterpoint POS into a unified Power BI data model with advanced DAX measures and drill-through views, surfacing top products, seasonal trends, and vendor contributions
- Presented findings to store managers and owner, directly informing purchasing and inventory decisions

EXPERIENCE

Incoming Operations Intern — Titan Machinery, West Fargo, ND *Summer 2026*

- Will work with various teams including Sales, Accounting, Credit, among others

Store Associate — Cork and Barrel Liquors, Jamestown, ND *Summers 2024–2025*

- Maintained integrity across 500+ daily POS transactions; reconciled financial reports daily and corrected discrepancies before end-of-day close
- Analyzed weekly and monthly sales trends to inform product recommendations and support sales strategy

Basketball Coach & Program Director — Two Rivers Activity Center, Jamestown, ND *Summers 2024–2025*

- Designed practice plans and coached teams of 8–25 athletes (ages 10–college); used skill assessment data to form balanced teams and optimize multi-week schedules
- Led staff of 3 coaches, managed tournament registration and parent communications, and gathered structured feedback each session to drive continuous program improvement

Men's Basketball — Team Captain — University of Jamestown & MSUM *2021–2026*

- Nominated captain in 2025; 40+ hours of community service alongside competing at the collegiate level
- Named to NSIC All-Academic team; Myles Brand Award recipient
